

Consolidated Bug Report - EShop Testing

Họ và tên: Nguyễn Tấn Thắng

Nhóm: Nhóm 08

MSSV: 23127259

Ngày cập nhật: 2026-07-06

SUT: Web Client + Web Admin + Mobile App + API Backend

Evidence run: 2026-07-05 20:13 ICT, test data prefix live_hw02_1783257224503. Ảnh/video bug trong các thư mục evidence là minh chứng từ thao tác UI/API trực tiếp trên EShop SUT. Riêng FR-07 BUG-003 dùng video .mov; PDF dùng ảnh preview để hiển thị ổn định.

Bug Report - FR-02 Login and Account Lockout

BUG-FR02-001: Failed login counter increases by 2 instead of 1

- Severity: Major
- Priority: High
- Component: API Backend
- Related test cases: FR02-TC04, FR02-TC05, FR02-TC06

Expected: After one wrong password, login_attempts = 1; after two wrong passwords, login_attempts = 2 and the account is not locked yet.

Actual: After one wrong password, login_attempts = 2; after two wrong passwords, login_attempts = 4 and locked_until is created.

Evidence:

```
(base) thangnhi@Nguyens-MacBook-Air-2 frontend-mobile % cd /Users/thangnhi/Downloads/eshop-sut/backend

(base) thangnhi@Nguyens-MacBook-Air-2 backend % sqlite3 database.sqlite "SELECT email, login_attempts, locked_until FROM users;"
admin@eshop.com|0|
test@eshop.com|4|2026-07-05T19:30:32.681Z
(base) thangnhi@Nguyens-MacBook-Air-2 backend %
```

BUG-FR02-001

BUG-FR02-002: Account lockout duration is 180 seconds instead of 30 seconds

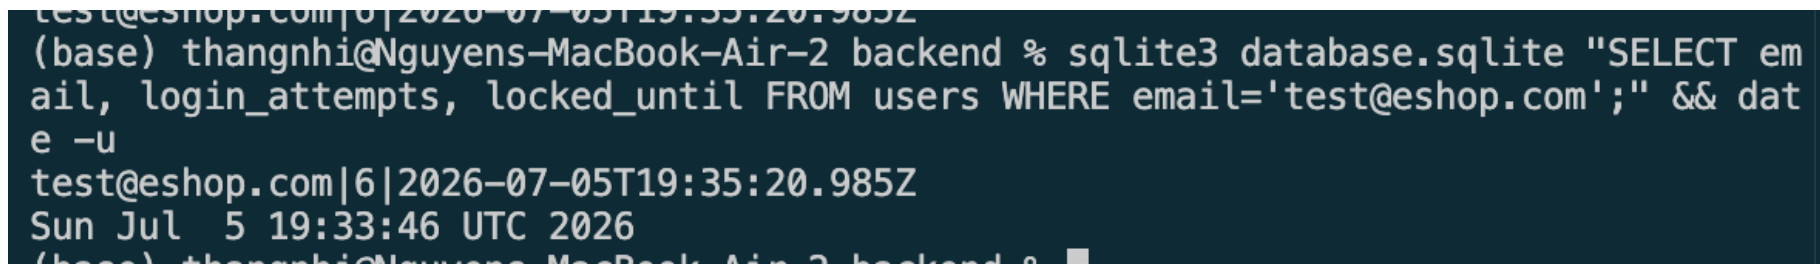

- Severity: Medium
- Priority: Medium

- Component: API Backend
- Related test cases: FR02-TC07

Expected: Account is locked for about 30 seconds.

Actual: Account is locked for about 180 seconds because backend uses `Date.now() + 180000`.

Evidence:

```
(base) thangnhien@Nguyens-MacBook-Air-2 backend % sqlite3 database.sqlite "SELECT email, login_attempts, locked_until FROM users WHERE email='test@eshop.com';" && date -u
test@eshop.com|6|2026-07-05T19:35:20.985Z
Sun Jul  5 19:33:46 UTC 2026
(base) thangnhien@Nguyens-MacBook-Air-2 backend %
```

BUG-FR02-002

BUG-FR02-003: Login email field does not use `type="email"`

- Severity: Minor
- Priority: Medium
- Component: Frontend Web Login
- Related test cases: FR02-TC03

Expected: Login email field uses HTML5 `type="email"`.

Actual: Login form uses label `Username` and input `type="text"`.

BUG-FR02-003

Bug Report - FR-07 Shopping Cart

BUG-FR07-001: Adding same product creates duplicate rows

- Severity: Major
- Priority: High
- Component: Cart API / Frontend Cart Context
- Related test cases: FR07-TC03

Expected: Adding the same product twice produces one row with quantity = 2.

Actual: Cart creates duplicate rows for the same product.

Evidence:

Giỏ Hàng

Sản phẩm	Giá	Số lượng	Thành tiền	Thao tác
iPhone 15 Pro Max	30.000.000 đ	1	30.000.000 đ	Xóa
iPhone 15 Pro Max	30.000.000 đ	1	30.000.000 đ	Xóa

Tổng tạm tính: 60.000.000 đ[← Mua tiếp](#)[Tiến hành thanh toán](#)

BUG-FR07-001

BUG-FR07-002: Cart quantity has no +/- controls

- Severity: Major
- Priority: High
- Component: Frontend Web Cart
- Related test cases: FR07-TC04

Expected: Quantity column has + and - controls.

Actual: Quantity is shown as plain text.

Evidence:

Giỏ Hàng

Sản phẩm	Giá	Số lượng	Thành tiền	Thao tác
iPhone 15 Pro Max	30.000.000 đ	1	30.000.000 đ	Xóa

BUG-FR07-002

BUG-FR07-003: Delete cart item does not show confirmation dialog

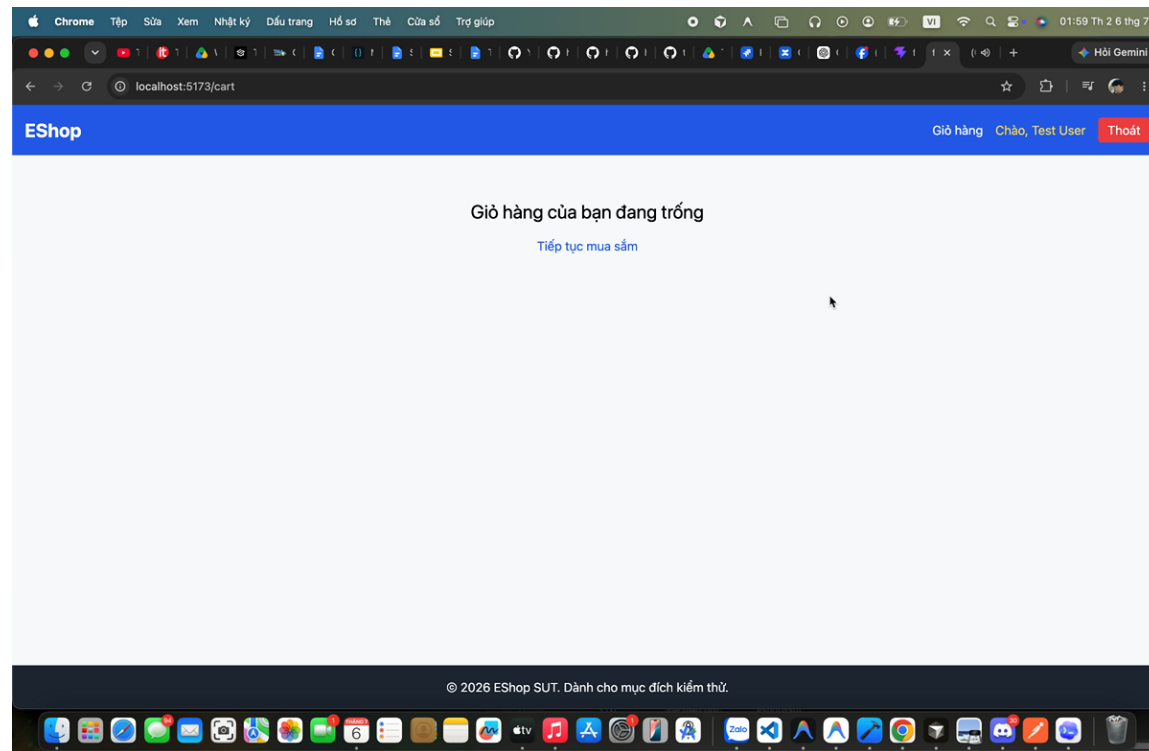

- Severity: Medium
- Priority: Medium
- Component: Frontend Web Cart
- Related test cases: FR07-TC05

Expected: Clicking Xóa shows a confirmation dialog before removing the item.

Actual: The item is removed immediately without a confirm dialog.

BUG-FR07-004: Cart total label is wrong

- Severity: Medium
- Priority: Medium
- Component: Frontend Web Cart
- Related test cases: FR07-TC07

Expected: Total label is **Tổng cộng**.

Actual: UI shows **Tổng tạm tính**.

Evidence:

BUG-FR07-004

BUG-FR07-005: Empty cart has no illustration

- Severity: Minor
- Priority: Low
- Component: Frontend Web Cart
- Related test cases: FR07-TC01

Expected: Empty cart has an illustration/icon and a clear message.

Actual: Empty cart only shows text and a continue shopping link.

Evidence:

Giỏ hàng của bạn đang trống

BUG-FR07-005

Bug Report - FR-16 Product Import from CSV

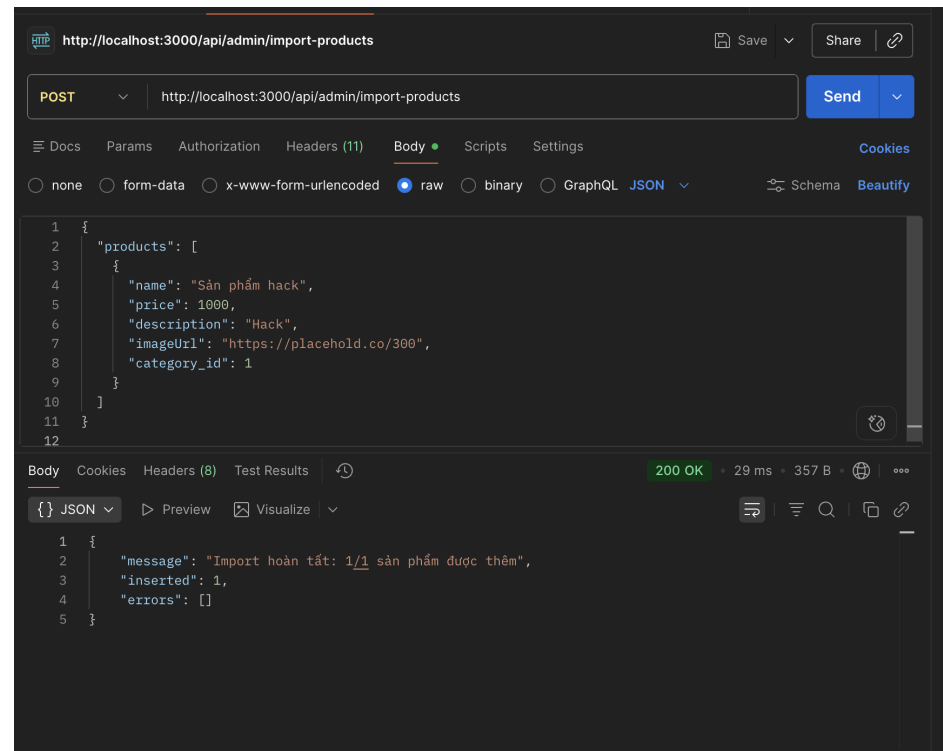

BUG-FR16-001: Normal user can call admin product import API

- Severity: Critical
- Priority: High
- Component: API Backend / Access Control
- Related test cases: FR16-TC04

Expected: Normal user token is rejected with HTTP 403 and no product is inserted.

Actual: Normal user token receives HTTP 200 and the product is inserted.

Evidence:

BUG-FR16-001

BUG-FR16-002: Product import is not atomic when a row is invalid

- Severity: Major
- Priority: High
- Component: API Backend / Database
- Related test cases: FR16-TC05

Expected: If any row is invalid, the whole import is rejected and rolled back.

Actual: API reports `inserted = 1/2`; the valid row is still inserted even though another row has an error.

Evidence:

Quản lý Sản phẩm

300 x 300	Sản phẩm hợp lệ	150000 đ	Sửa Xóa

BUG-FR16-002 step 2

Nguyen Tan Thang - 23127259 - HW02 Domain Testing - Page 14

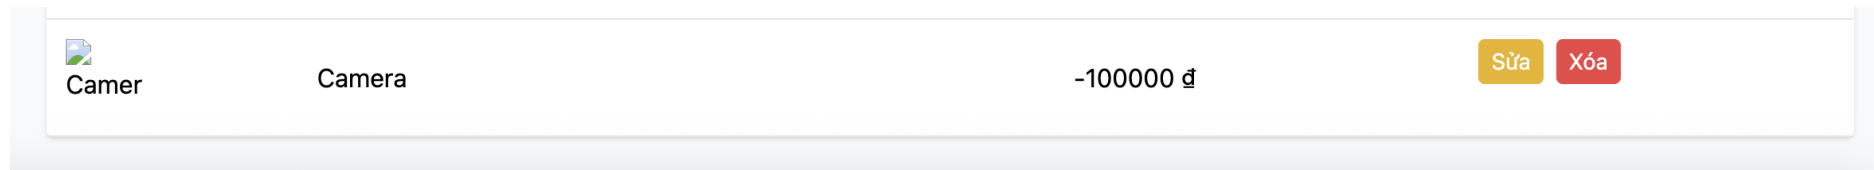

BUG-FR16-003: Product import accepts negative price

- Severity: Major
- Priority: High
- Component: API Backend Validation
- Related test cases: FR16-TC06

Expected: Product with price ≤ 0 is rejected.

Actual: Product with negative price is inserted.

Evidence:

BUG-FR16-003

BUG-FR16-004: CSV parser does not support quoted commas

- Severity: Medium
- Priority: Medium
- Component: Web Admin CSV Import
- Related test cases: FR16-TC07

Expected: CSV fields wrapped in double quotes can contain commas.

Actual: Admin parser uses `line.split(",")`, so quoted commas break the column mapping.

Evidence:

Quản lý Sản phẩm

Import sản phẩm từ CSV

BUG-FR16-004

Bug Report - Mobile Product Listing/Search

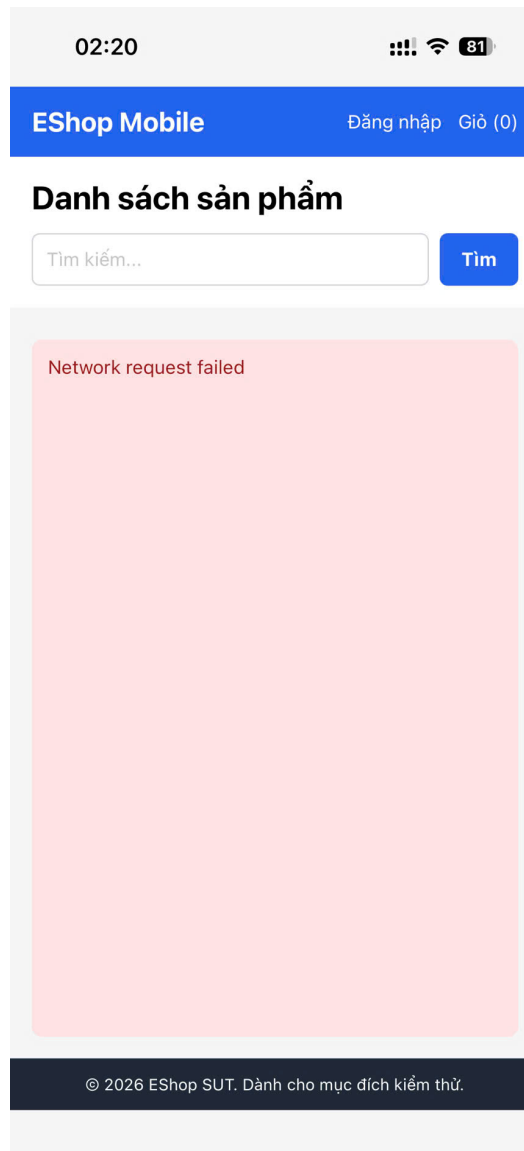

BUG-MOB-001: Mobile API URL is hard-coded

- Severity: Medium
- Priority: Medium
- Component: Mobile App Config
- Related test cases: MOB-TC05

Expected: API URL is configurable by environment/device.

Actual: API_URL is hard-coded to a LAN IP, making product listing/search fail on other devices or emulators.

Evidence:

BUG-MOB-001

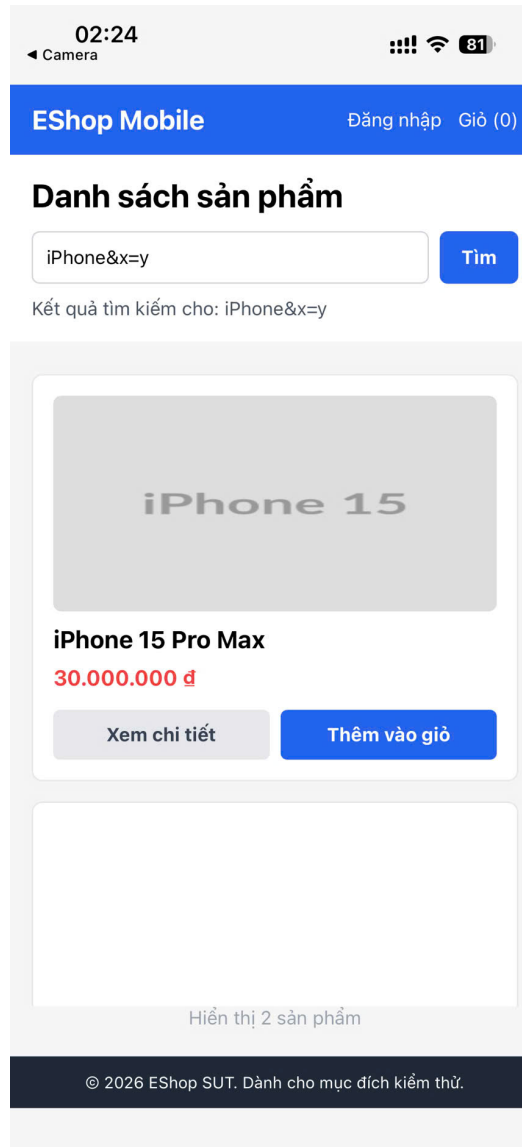

BUG-MOB-002: Search query is not URL-encoded

- Severity: Major
- Priority: High
- Component: Mobile Product Search
- Related test cases: MOB-TC04

Expected: Search keyword with special characters is URL-encoded.

Actual: Search query is concatenated directly into the URL.

Evidence:

BUG-MOB-002

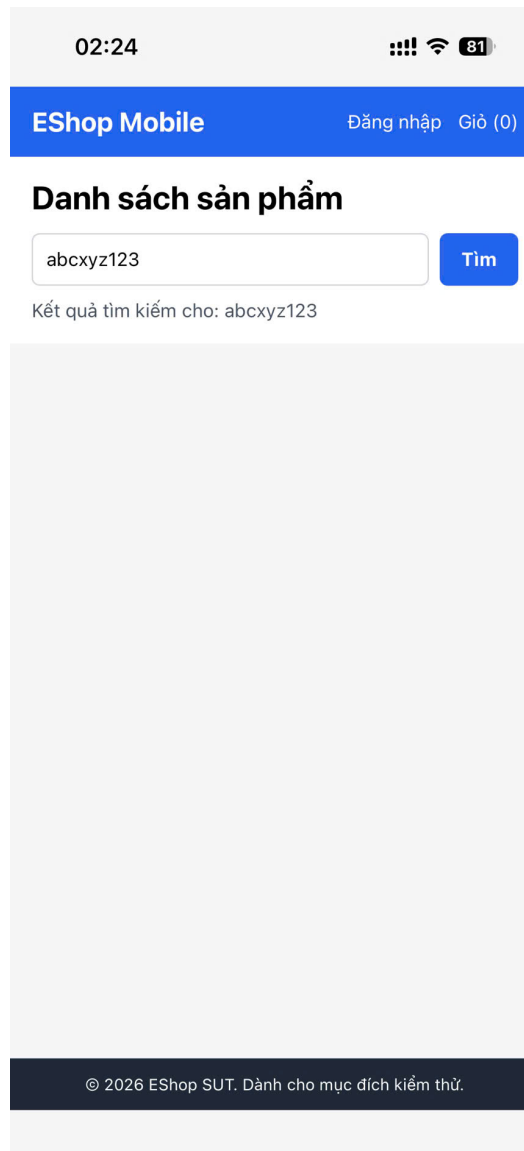

BUG-MOB-003: Product search has no empty state

- Severity: Medium
- Priority: Medium
- Component: Mobile Product Listing
- Related test cases: MOB-TC03

Expected: No-result search shows a clear empty state message.

Actual: Empty result does not show a proper empty state.

Evidence:

BUG-MOB-003

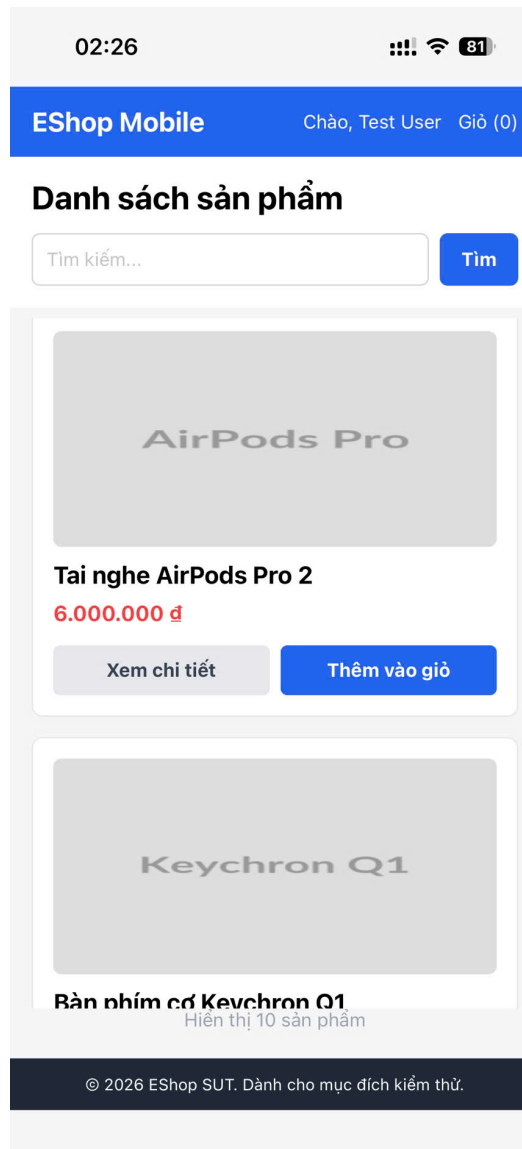

BUG-MOB-004: Product images use resizeMode="stretch"

- Severity: Minor
- Priority: Low
- Component: Mobile Product Listing / Detail
- Related test cases: MOB-TC07

Expected: Product images preserve their aspect ratio.

Actual: Product images are stretched and can appear distorted.

Evidence:

BUG-MOB-004

GitHub Issues

Các issue thật trên GitHub chưa được tạo riêng cho từng bug tại thời điểm đóng gói, nên report giữ trạng thái TBD khi cần đối chiếu issue URL. Evidence chính thức vẫn nằm trong các thư mục `reports/*_bugs/`.
